Humboldt Senior Resource Center
Their dining hall is closed. No group activities are currently taking place. I (Barbara Walser) am forwarding this information as there has been some misinformation regarding the home delivered meals program. At this point we are not enrolling anyone new into the home delivered meal program.

This is an update on our most current plan for all three communities. There will be a roll out of this plan depending on the community. Hot meals will be available for pick up at the Eureka site, by reservation, through next Monday (no weekend meals).

Arcata change is effective Wednesday, March 25th.
Fortuna change is effective Thursday, March 26th.
Eureka change is effective Tuesday, March 31st.

At the Senior Dining Centers, take-out frozen meals, available via drive-by pick-up only, are available for people 60 and older and their spouse. Participants will begin receiving a variety of five meals per pick up, as follows. Reservations are required.

Food for People [New location is 2112 Broadway, Eureka, Ca.] NOTE CORRECTED INFO!!!!!
There is NO first come, first serve at the Eureka Pantry! We are asking people to make appointments by calling 407-0447. The Pantry is open Tuesday, Wednesday and Friday 11-3 at 2112 Broadway in Eureka. We start taking calls on Mondays for appointments that same week. We will do our best to accommodate those who are unable to make appointments but our priority is to serve those with appointments first. If anyone has questions, please call the pantry directly for information. We realize this may be confusing but we’ve had to change our protocols to more effectively manage the flow of people including social distancing and having people remain in their cars (if

they are driving) until we can serve them. The number of people requesting food is rapidly growing and we’re doing our best to keep everyone safe and still serve as many people as possible. We hope our partners will help us share that message with the people we all serve. I know we all want to do everything possible to keep our clients, staff and volunteers safe! Listings of other pantry sites countywide and their hours of operation can be found at our website www.foodforpeople.org.

Phone number for assessments is (707) 269-9590 ext 202. We will be doing assessments via telephone (those prospective patients or residents with significant mental health or medical
issues will have their records requested). We may still be doing walk-in assessments for referrals from EPD, I will check with Dr. Bayan. Funding is dwindling due to failure of DHCS to implement the DMC-ODS in the Northern Region and our financial situation is extremely precarious (We are only able to bring in 4-5 people in RTC, and 4-5 people in detox on our DHHS contracts, and that will shrink to fewer over the next couple of months). Once a prospective resident meets all admission criteria, including funding, they will be scheduled for an examination with the Medical Director or our FNP and the final admission determination will be made. I believe we are only doing 2 admissions per day Monday through Friday during this time. -John McManus

Social Services

For information and/or enrollment in GR, MediCal, CalFresh, CalWORKS and other benefit programs call the DHHS Call Center 877-410-8809

CalFresh recipients will receive an Emergency Allotment (EA) as part of the Families First Act. There will be two EA’s issued; one on April 11 and one on May 10. The first EA will be for any household that received CalFresh in March and the second EA for any household that received CalFresh in April. These allotments are intended to raise the benefit amount to the maximum amount for that household size.

Community Support

2-1-1 has a comprehensive list of resources that are available. “Also I have put our MotherWomen Support group on Zoom and we had our first one yesterday and there was a lot of moms and a lot of tears so we are expanding it to twice a week until further notice. I just want those who need this support to know it is available.” Jeanette

Humboldt County Behavioral Health offers Community Mental Health Support for COVID. Professional staff are available if you are feeling anxious, worried, or depressed related to the current health crisis and need someone to talk to. It can be even more challenging with the direction to shelter in place, leaving people feeling socially isolated. Please reach out for support, by calling 707-268-2999, M-F 8 AM – 5 PM.

If you have services or items to immediately assist homeless residents anywhere in Humboldt County, please send details including who, what, when, where and how to access to Robert Ward and/or Sally Hewitt at rward@co.humboldt.ca.us or shewitt@co.humboldt.ca.us

This will be updated every day new items are listed and sent out to the General List of the HHHC. If you have changes or corrections, please let us know. Thanks
